HONGKONG BRICK AND CEMENT

· QUALITY FOR SALE. PRICE, \$30 PER 1,000.

The following Testimonial has been received from F. W. OROSS, Esq., Manager, HONGKONG AND CHINA GAS COMPANY,

'I have herewith much pleasure in testifying to the quality of the FIRE BRICKS AS made by you at your new works, In appearance the Brick is light and softas compared with the ordinary Fire Brick used in the Colony, but this I may say is characteristic of the best English Fire

> tation in saying that this Brick is admirably buited to resist any degree of heat that it may be likely to undergo and for all purposes that Fire Bricks are used for 'I am now about to build them into one of my Furnaces and have no doubt of their being able to stand as well as the English Fire Bricks I have been using.' Hongkong, May 23, 1887.

After a very severe test I have no hesi-

THIS Extensive and well-appointed Establishment; situated in one of the most central and airy positions in the Colony and commanding a splendid view of almost the entire harbour and within five minutes' walk of the principal Government-

Offices (including the Post Office), Banks, &c, has recently been much enlarged and improved and is now one of the principal Horers in the place.

The ROOMS are spacious, well ventilated and have just been referrished in a most comfortable and liandsome manner, suited to the requirements of the Far East.—

The Accommodation and Service of every kind will be found to be of the best description.

An ample and varied TABLE D'HOTE is always provided and served in the spacious, largo DINING HALL The HOTEL also contains handsome and comfortable Reception, READING, BILLIARD

and Smoking Rooms. The HOTEL is unsurpassed for comfort, convenience and quick service. Continental languages are spoken.

THE Chiugai Dempo prints the following paragraph Beriously :-- Mr Tanaka Yoshio a member of the Senate, has discovered a method of making mats from the tails of witd-cats. The Agricultural and Commercial Department have sent to the Kioto local authorities a detailed description of the invention with a view to experiments being made.—It would be interesting to know who is to provide the Kioto local authorities with the necessary tails. - N.-C. Daily News.

THERE has been a certain amount of sickness among the foreign residents at Tientain, some cases of enteric disorder and a good many of malarial fever. The large quantity of stagnant water on the outskirts of the settlement is reasonably blamed for the summer fever which hangs about the medied as the demand for house accommodation extends. Beyond the Taku Road many low swampy lots are being filled in for building; and it is hoped that fever beds will gradually be pushed back to the plain.
